

Therma-Tru® Finishing System

Classic Craft® Oak Collection

THERMA-TRU
DOORS
The Most Preferred Brand in the Business®

Step 1: Clean door with mineral spirits, rinse.

Step 2: Rub in stain.

Step 3: Seal with top coat, let dry for 48 hours.

Therma-Tru's patented Finishing System comes with everything you need to finish a complete door unit with two sidelites or a double door unit. It's also available in a quart or gallon for larger projects.

Therma-Tru's Easy-to-Use Finishing System is:

- Colorfast – it won't fade, bleach or yellow
- Long-lasting with a gloss that resists chalking
- Water-based environmentally-friendly topcoat
- Easy to use for the professional and do-it-yourself enthusiast
- Easy to make lighter or darker
- Easy to maintain by simply reapplying the topcoat

Please note, colors may vary due to fluctuations in application and due to the length of application time.
